

# How Do I Retrieve My PVHU Username Or Password

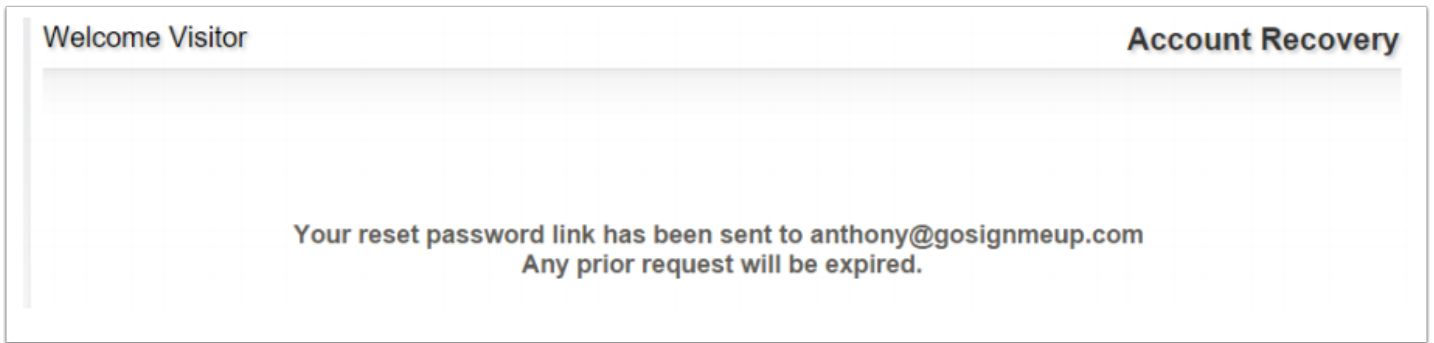

1. When you go to login, click on "Forgot your username or password?"

2. You can choose which credential you do not know. You must fill in all of the information it asks correctly to be sent an email.

### 3. An email will be sent to you letting you know to reset your password, or providing your username.

### 4. This is the email you receive if you request to reset your password. The link will take you to a page to enter in a new one for your account.
